## Education

**University of Ottawa**  
Sept. 2014 - May 2018

**Bachelor of Science in Computer Science**  
Minor in Management

## Experience

**Rubikloud**  
May 2017 - Aug. 2017

### Software Developer Intern

Developed over 50 QA modules for UI testing, integration tests and data validation. Optimized SQL queries, satisfying strict performance thresholds. Improved code structure of front-end application in React to facilitate future testing. Aided in the implementation of a client-facing automated email registration system.

**DLS Technology**  
May 2016 - Aug. 2016

### Front-End Developer Intern

Developed new application pages to be responsive and aesthetically modern. Refactored existing modules to be reusable, greatly improving platform scalability. Designed, iterated over and adapted UI wireframes into functioning front-end elements. Implemented a server-side login permissions system, among other enhancements.

**DLS Technology**  
May 2014 - Aug. 2014

### Technical Support Coordinator

Designed QA coverage workflows using Excel. Implemented language localization for a web application using JavaScript. Authored technical internal and client-facing documentation.

## Projects

**Promotion Manager**  
for Rubikloud

Displays vast amounts of retailer data. I designed extensive autotesting processes, performed SQL optimization to improve feature performance, implemented feature enhancements.

**vKey Device Manager**  
for DLS Technology

Application for managing mobile-desktop devices. I fully redesigned the existing application by enhancing management and UX features, updating libraries, and refreshing the UI.

**Cherrypicker.io**  
for fun

NBA statistics data visualizations web app. I designed the UI, used JSON data to develop the data visualizations and implemented UX decisions.

## Skills

### Languages

Java  
JavaScript  
C++

### Web

HTML/CSS/SASS  
React + Redux  
jQuery

### DevOps

Git/Github  
Docker  
Agile

### Infrastructure

PostgreSQL

### Graphic

Adobe Photoshop  
Adobe Illustrator  
Adobe InDesign
